JUNE 11-13, 18-20, 25-27 • 12 PM - 6 PM

990 Shady Lane E., Wayzata, Minnesota 55391

SOME HIGHLIGHTS OF THIS GORGEOUS HOME:

- Walnut ceiling beams in the great room with metal gussets.
- Bonus space with custom bunk beds and lots of grey shiplap.
- Covered porch with wood burning fireplace & TV.
- Hidden workout room in the lower level and a desk niche tucked under the stairs.
- Amazing landscaping with pavers, firepit, bubbling rock & putting green.
- Lakeside structure for lake storage.

Nestled on the shoreline of Wayzata Bay, this 5,965 sq. ft. home is equal parts nautical and modern with navy shake siding that gives way to white trim and black-framed windows, creating a visual punch on the exterior. Mature trees shroud the property in privacy, yet a five-minute walk will land you on downtown Wayzata's doorstep.
